POLYCRYSTALLINE PV MODULES
AE P6-72 Series 325W-345W

TEMPERATURE
Hot spot temperature lower than 85°C
The IEC61215 test shows that with a zero percentage, a small and a 100 percentage of shaded area, respectively hot spots will not exceed 85°C, which is the maximum operating condition.

SAFETY
Instantly reduced temperature, thus eliminating material hazard and ensuring more safety of the module, preventing fire risks caused by hot spots.

GERMAN QUALITY
AE Solar photovoltaic modules are produced using high quality materials, automated robotic lines, German technology and standards.

RELIABILITY
Bypass diodes prevent cells mismatching at shaded areas. The lower temperature of hot-spot free modules will eliminate potential cause for back sheet degradation, hence enhancing reliability for longer term.

HIGH RETURNS
This new technology prevents instant falls in the module output, thus increasing the performance ratio up to 30% and return for all types of installations.

PLUS-SORTING
Higher yield due to plus-sorting from 0 up to +5 Wp guarantees the high system efficiency and yield stability.

CERTIFICATES
Lining with international standards, AE Solar Photovoltaic modules are tested and certified under extreme stress conditions and it can bear harsh environment influences.

The electrical data apply to standard test conditions (STC): Irradiance of 1000 W/m² with spectrum AM 1.5 and a cell temperature of 25°C.

### MATERIAL CHARACTERISTICS

- **Cell type**: Poly-crystalline 156.75mm x 156.75mm
- **No. of cells**: 72 (6 x 12)
- **Dimensions**: 1956 x 992 x 35 mm
- **Weight**: 20 kg
- **Junction box**: IP 67
- **Output cable**: 1 x 4.0mm², 1200mm length or customised
- **Connector type**: MC 4 compatible
- **Hail resistance**: Max. Ø 25 mm, at 23 m/s
- **Wind load**: 2400 Pa / 244 kg/m²
- **Mechanical load**: 5400 Pa / 550 kg/m²

### PACKAGING INFORMATION

- **Packing configuration**: 64 pcs/double pallet
- **Loading Capacity**: 768 pcs / 40HQ
- **Size / pallet (mm)**: 1985 x 1120 x 2390
- **Weight**: 1395 kg /double pallet

### CERTIFICATES

- **TÜV Rheinland**
- **SGS**
- **PID RESISTANT SALT MIST RESISTANT SAND RESISTANT CORROSIVE GAS (NH3)**
- **ISO14001**
- **CE**
- **Chubb**
